RUSSIANS FIGHT HARD TO STEM TIDE OF TEUTONS

ONRUSHING ARMIES OF THE
KAISER FORCE MUSCO-
VITES MILE BY MILE

LONDON REPORT SAYS
CZAR'S ARMIES ESCAPED

TURKISH BATTLESHIP IS
SUNK BY SUB OF EN-
TENTE POWERS

(By Associated Press.)

London, Aug. 9.—Mile by mile the Austro-Germans are pushing the Russians back from their old fighting ground about Warsaw and in the meanwhile are making determined efforts to entrap, or crush the armies of Grand Duke Nicholas, before they have a chance to make good their retreat to new defensive positions.

Particularly successful operations, looking to this end, are reported from Vienna, where the claim is made that Archduke Joseph Ferdinand's army has forced the Russians to flee in disorder across the Vepierz, near Lubratov, and southwest of Mieschow.

English observers, however believe the entrapping attempts have utterly failed and that the wise old fox, Grand Duke Nicholas, has pushed his armies to safety behind their new lines of defense. So far Vienna and Berlin are silent as to the number of Russians captured after the entrance of the Germans into Warsaw. Petrograd says not a single Russian soldier was taken by the invaders.

Turkish Battleship Sunk.

Constantinople, Aug. 9.—The Turkish battleship Kheyred-Din-Barbarossa, of nine thousand tons, formerly the German warship Kurfewer Friedrich Wilhelm, has been sunk by a submarine of the entente powers, according to official announcement made by the Turkish government.

East Bank of Vistula in
German Hands.

Berlin, Aug. 9.—Praga, a suburb of Warsaw, on the eastern bank of the Vistula has been occupied by German troops, according to official statements.

NEW SUPERINTENDENT FOR GUTHRIE HOSPITAL

Dr. E. A. Ryerson, of New York, has bought an interest in the Guthrie hospital and sanitarium and has taken charge as superintendent of the hospital and also the training school of nurses.

Dr. Ryerson is a graduate nurse of the Josephine Training school of Chicago. She was elected superintendent of the W. C. A. Hospital of Council Bluffs, Iowa, but after three years resigned to study medicine. She is a graduate of the Physicians College of Physicians and Surgeons, Chicago, and is a member of the Chicago Medical society and the American Medical Association.

Dr. Ryerson did not come to Guthrie to practice medicine, but to look after the interests of the Guthrie hospital and sanitarium, and the interest of all doctors sending their patients to that hospital.

VILLA'S WIFE IS AT LONG BEACH

Long Beach, Cal., Aug. 9.—Mrs. Francisco Villa, young wife of the Mexican chief, arrived here with her month-old daughter and a party of 15 relatives, friends and servants. She came from Juarez and a member of her suite said that General Villa had had several days ago his first opportunity to see the baby.

WILL ANNOUNCE STATE HIGHWAYS SOON

COUNTY COMMISSIONERS ARE
WORKING OUT DETAILS; EN-
GINEER AT WORK

Counties over the state are generally conforming to the new highway law by appointing county engineers and designating certain roads as state highways. In Logan county, while the commissioners have not as yet designated the highways, they have them nearly ready and will do so soon. They have been working faithfully, in an effort to please the greater number of the people of the county in this matter, but of course will necessarily displease some.

In the matter of a county engineer it will not be necessary to appoint one in this county as the present county surveyor, Mr. Rankin, is an accredited engineer and will have charge of the work, as required under the new law. State highways through Logan county, will be announced by the commissioners soon.

GREATEST WHEAT CROP IN WORLD'S HISTORY

(By Associated Press.)

Washington, August 9.—American farmers are now harvesting the greatest wheat crop ever grown in any one country. It may reach a billion bushels.

The department of agriculture experts have estimated the crop at nine hundred million bushels, basing calculations on the condition of the crop on August first. Bumper harvests of other cereals is also indicated.

NATION WIDE SEARCH FOR CHILD ENDS IS HOPE OF WCTU

NORMAN OFFICER FINDS EAST GUTHRIE TEMPERANCE
CHILD AND NOTIFIES PAR-
ENTS WHO HASTEN HERE

(By Associated Press.)

New York, Aug. 9.—Mr and Mrs. Charles Glass, of Jersey City, left for Norman, Oklahoma, to recover their four-year-old son, James, who was kidnapped at Greeley, Pennsylvania, May 12th. Glas is auditor for the Erie railroad. The Norman chief of police telegraphed that he believed he had the youngster, who had been left in the custody of William Malore, by an unidentified woman, in response to Malore's advertisement for a boy to adopt.

There is much of mystery surrounding the disappearance of the child from the Glass home during May. The father does not know whether his off-

TWO DIE IN IOWA 300 MILE AUTO DERBY

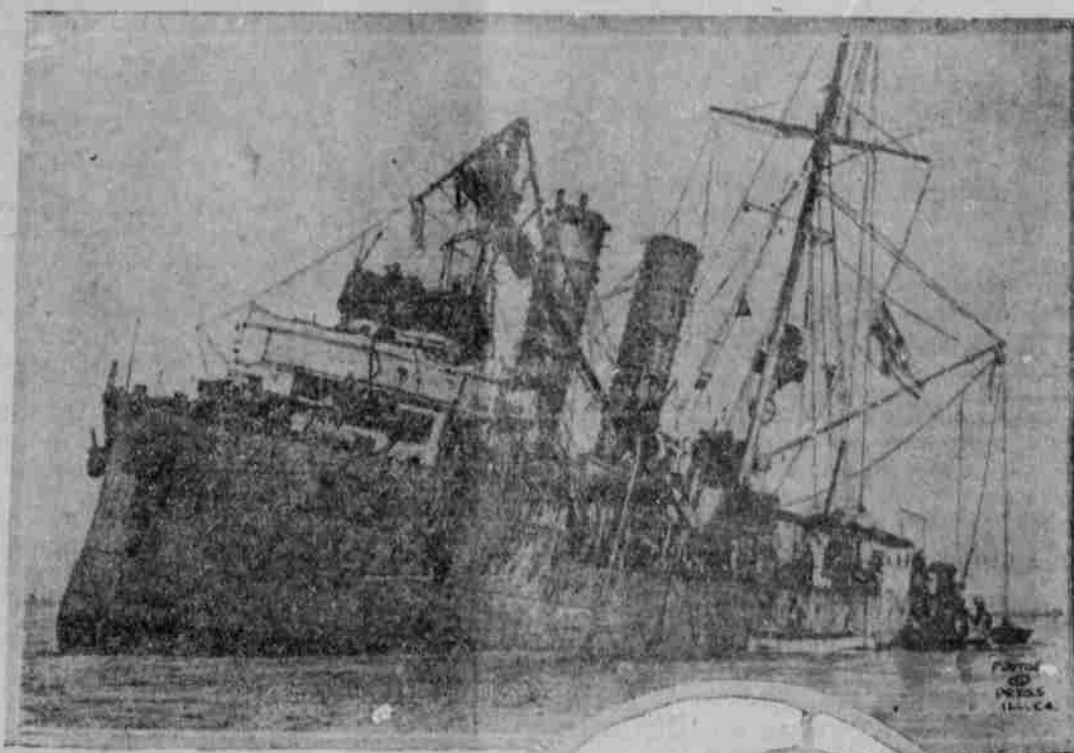

Des Moines, Aug. 9.—Two killed and three injured, one probably fatally, marked the initial 300 mile derby by on the new mile speedway here Saturday afternoon, in which Ralph DePalma was declared the winner. Ralph Mulford second, Eddie O'Donnell, third.

Joe Cooper was killed during the thirty-eighth lap when his car literally sailed over the outer edge of the track, as he was nearing the grandstand and landed outside with Cooper and his mechanic Louis Peio, pinned underneath.

The second accident came near the close of the race, when in the 238th lap Billy Chandler's car crashed against the inside rail, almost opposite the point where Cooper had met his death. Morris Skaefer, mechanic died in the hospital Saturday night.

Cooper's skull was crushed in the first accident and his death was practically instantaneous.

German Warship Wrecked in Baltic After Battle

As Albatross is now.
Holes shot in vessel's side.

These are the first photographs to show the result of the big naval battle of July 2 in the Baltic, the first naval battle of any consequence there since the war began. The Albatross, the German mine layer, is a wreck on the shore, having been shot to pieces by Russian ships. She was beached after she was disabled, and the only reason why she did not sink was because the captain was able to reach shallow water. One photograph shows holes in the side of the vessel at close range. These with some shots beneath the water line disabled her.

SALOONLESS NATION IN 1920 IS HOPE OF WCTU

WORKERS HOLD IMPRES-
SIVE SESSION

The East Guthrie W. C. T. U. met at the home of Mrs. Dr. McCormick, 523 East Warner, with Mrs. P. M. L. Ray, president, in the chair. Devotion service was conducted by Mrs. Messenger, who read scripture reading, two chapters, twelve verses—and led in prayer, closing with the Lord's Prayer in unison. Singing "Some Glad Day," by the members with Miss Gladys McCormick at the piano. Roll call was responded to by scripture quotations. Minutes of previous meeting were read and approved.

An hour was devoted to a survey of the local, state and national progress of temperance sentiment showing the momentum that the National prohibition cause has acquired in the last decade, and presages the victory of a saloonless nation in 1920.

Mrs. Varble had charge of the program. One of the most interesting articles was read by Mrs. William Parker. It was a report from the great Anti-Saloon convention held at Atlantic City, recently. A notable assembly of prohibitionists, W. C. T. U. anti-saloon organizations, and where U. S. senators, congressmen, governors and ex-governors of many states all in accord, with the determined purpose of annihilating the American saloon and to put the U. S. government out of partnership with the liquor business.

One of the loudest echoes from the convention, was Captain Richmond P. Hobson, the lion-hearted, whose paper "The Grand Strategy of the Fight" was a memorable one. Hobson's name may not stand so high in the temple of fame as the "War Lords" who are participants in the present world war, but his name will be reverently enshrined in the heart of humanity of the future—and his civic heroism will be recounted at every American hearth-side, where

MEXICO CAN CATHOLIC PRIEST GOVERN HERSELF SPURNS FORTUNE SAYS CARRANZA OF 15 MILLION

BRAZILIAN MINISTER IS FATHER GRAHAM DECLINED
NEXT IN LINE TO BE
EXPELLED

(By Associated Press.)

Washington, Aug. 9.—Carranza officials say that the Brazilian minister at Mexico City the only diplomatic representative the United States has in Mexico, has been withdrawn by his government because Carranza was prepared to expel him from the country, as did Senor Ortega, the Guatemalan minister, "Mexico can govern herself," said a Carranza official. "We need no interference from outsiders."

No Reason for Expulsion Given.

Washington, Aug. 9.—M. Cordoz, Brazilian minister at Mexico City, reported that no reason was given for the expulsion of Dr. Juan Ortega and himself. He is sailing Wednesday from Vera Cruz for the United States.

It is believed that Carranza's action was caused by the participation of Kuatema and Brazil in the Pan-American conference at Washington for composing of Mexican affairs. The recent development is disturbing for the success of the Pan-American conference.

Five Bandits Killed.

Brownville, Aug. 9.—Five Mexican bandits and one Mexican woman were killed in the fighting yesterday at Uvalde, sixty miles north. For an hour, fifteen Americans and

"HARVEST HANDS" PROVED TO BE SHERIFF AND DEPUTY

"LITTLE HEAD," NOTORIOUS NE-
GRO CHARACTER, IS GRABBED
BY OFFICERS IN UNIQUE WAY

Sheriff Sherwood and his deputy, Ed Robertson, made a neat catch Saturday night in the "I" district. Many complaints have recently reached the sheriff's office of violations of the prohibitory law by negroes living in that end of town. They defy themselves with reference to reports the sheriff and his deputy, disguised as harvest hands and made a trip to the end of Fourth street, where Charles and Flora Thomas were reported to be operating a joint. The officers in their disguises had no trouble in gaining entrance to the place, in fact, they were met on the way, and urged to go. "Little Head," in charge of the resort, assured them that there was no danger, for the sheriff and the police were his friends and never came down that way.

After securing all the evidence necessary, the sheriff and his deputy arrested the proprietor, his wife and a negro named Rebecca Sapp. The charge made in for selling booze and conducting a bawdy house. The three are now in jail.

Thomas better known as "Little Head," has but recently returned from McAlester, where he served a prison term for burglary. "That man Sherwood suddenly did put one over on this nigger," he said today.

CAPT. BARNHOUSE IS STRICKEN WITH PARALYSIS

Capt. J. M. Barnhouse suffered a slight stroke of paralysis Saturday afternoon about 5 o'clock and is now reported in a critical condition at his home west of the city. It was his third attack. He came to town Saturday to do some shopping and told friends that he had never felt better in his life. While in front of the Oklahoma State bank the attack seized him suddenly and he fell to the pavement. "I felt dizzy all of a sudden and thought the bank building was falling on me," he said. In the fall Barnhouse sustained severe fracture of his right hip, also.

GUTHRIE MAN WINS TWO BIG CONTRACTS

W. F. Powers was the successful bidder at Bartlesville recently on a storm sewer. The total amount of the contract secured by Mr. Powers will exceed \$30,000. He is just completing a large contract at Chelsea, where he and his family have been living since last June.

PAN-AMERICAN CONFER- ENCE TO BE CONTINUED

(By Associated Press.)
Washington, Aug. 9.—Secretary Lansing announced today that the Pan-American conference on Mexican affairs, would be resumed in New York City Wednesday afternoon. He did not know how long the conference would be.

NOWATA MASON TELLS OF GUTHRIE'S BEAUTY

Guthrie is becoming famous thru out the state as a city of roses. A citizen of Nowata who recently attended a Masonic reunion here, speaking of Guthrie said: "The most beautiful city I have visited recently is Guthrie. It blooms like a beautiful garden of roses; practically every property owner has a garden of roses in front or back yard, and frequently both front and back. The parkings of the city are well shaded and some streets beautiful avenues of large trees. But one thing that I noticed was the utter disregard as to tree trimming. Some property owners seem to take great pride in trimming the trees in a uniform manner while others do not seem to care. With the exception of the tree trimming, Guthrie has all other cities of the state backed off the board."

MACHINE GUN ON AEROPLANES PROVE DEADLY

DURING FIRST YEAR OF WAR
ALLIES BROUGHT 35 TO
EARTH

GARROS, CIVILIAN-AVIATOR,
HOLDS WORLD'S RECORD

LIFE OF AIRMEN PRECARI-
OUS AND DEATH EXPECT-
ED TO FOLLOW EXPLOITS

(By Associated Press.)

Paris, Aug. 9.—During the first year of war, so far as accounts have been rendered to the public, 35 German flying machines, not including dirigible balloons, were brought to earth and destroyed by French airmen. The day he was obliged to alight behind the German lines and was taken prisoner. Roland Garros, the well known civilian-aviator, held the record with three machines to his credit. He has since been surpassed by Lieutenant E—G—, who has brought down four.

Garros used a special armament planned by himself with a machine gun regulated to fire across the axis of the propeller. In the first ten days with this machine he brought down his three victims.

What a single airman is able to accomplish against land forces is indicated by the case of Adjutant V—, reported by Jacques Mortane, sporting writer and a volunteer in the aviation corps, as having in a single day dropped 12 3 1/2 inch shells and 8,000 steel darts upon batteries of mortars that he destroyed at Norroy, 8 shells and 4,000 darts on the general headquarters at Thiaucourt, 4 shells and 2,000 darts on Pagn-sur-Moselle, 4 shells and 2,000 darts at Pannes and 4 shells and 2,000 darts at Chantilly—a total of 32 shells and 18,000 darts.

It is generally impossible for the airman to know exactly what damage he has done, except in the case where bombs cause conflagrations. In various ways, however, details of the results of some bombardments, have become known. At the headquarters of the German Crown Prince at Rivigny, Oct. 22, 15 men were killed and 36 horses and 22 men wounded. The men were mostly officers. At the general headquarters of Emperor William, Nov. 1, two of the emperor's aides-de-camp were killed. In the destruction of a military train at Zebrugge, Dec. 17, 40 soldiers were killed and 100 wounded. At the headquarters of the Prince of Wurtemberg, General Garnerich and two lieutenant generals were killed. On May 31, the airmen killed 44 soldiers and wounded 30 at the German aerodrome at Gontrade.

Official details have been given of over 100 air attacks upon German camps, aerodromes, railway communications, etc., but they are only a part of what the attacking flying corps has done; it often happens that the raider does not come back to render account. How many French airmen have been brought down it is impossible to state;
